Why is biobased so *important*?

The USDA BioPreferred® Program was created through the 2002 Farm Bill to increase the development, purchase and use of biobased products

Due to this bill, and by Federal Law, all federal agencies are directed to take into serious purchasing consideration biobased products in categories identified by the USDA

You can find Earth Source™ chair mats listed in the USDA BioPreferred® Catalog under: Household Supplies > Furniture and Furnishings > Rugs and Floor Mats
