

# Single-Sided LED Display Frame

## An eye-catching display

Quickly becoming the most popular way to display your message, user-friendly snap front LED frames make it easy to change graphics and signage instantly.

The LED Display Frame is a simple and contemporary way to make a glowing impression. Backlit prints turn traditional graphics into vibrant, illuminated advertising.

*For optimum illumination, photo quality backlit film is recommended. Be sure to check with your local printer for proper media.*

**Ideal for retail, hospitality, healthcare and other commercial environments**
